### Be a Hoppet Helper...

The Kangaroo Hoppet is the major event for Australian XC Skiing & can't run without BNSC volunteers. Birkebeiner Nordic Ski Club receives significant funding from Kangaroo Hoppet in recognition of the club's involvement in organising the event and the volunteer contribution of club members.

These funds are used to support club programs including Junior Birkie activities, coaching clinics, social activities, the race program and support for our elite athletes training and competing overseas.

All helpers are provided with a Hoppet T-Shirt, lunch, drinks and an awesome day out!

Thank you - from the Kangaroo Hoppet Organising Committee.

Contact Nick Wright to register where you can help - nick@birkebeiner.org.au

#### Friday 25<sup>th</sup> August – Help set up the start/finish area in the Bowl..

This task will start at 9.30 am at the Race Hut in the Falls Creek Nordic Bowl and should finish after lunch.

- Helpers are needed to transform the Nordic Bowl into an international event stage with bunting/fences, tents, flags and signs around the Nordic Bowl. Looks great!!
- You just need to make your own way to Falls Creek, Windy Corner Car Park and then either walk or ski the 600m up to the Nordic Bowl.
- All volunteers will be provided with a Hoppet shirt, lunch and a drink.

#### **Drink Station Set-up**

Seriously fun job for anyone who likes machines! Jump aboard a Bombardier and drive out across the High Plains to Drink Station sites for tent erecting, set-up tables...

BNSC members who have skied in the Joey Hoppet or the Australian Birkebeiner are asked to volunteer for the afternoon shift and event pack up in the Nordic Bowl. Non skiing members, the afternoon pack up is an awesome way to help after watching the race!

### Lots of help needed on Hoppet Day!

#### Complete setting up the start/finish area in the Nordic Bowl

Meet 0730h at the Race Hut and should finish by 0830. A great opportunity to help (or warm up) before your race.

#### Start Line Marshals - until last wave of Joey Hoppet skiers set off -

- From 0900h. Start line marshals monitor the entry gates to the start group paddocks and ensure competitors start in the correct group.
- Possibly one of the best and most valuable roles for Birkebeiner members and their family who are not skiing the event. A great opportunity to volunteer after helping set up the Nordic Bowl earlier

### Course Marshals – The next best Marshal Job to see all the on course action out on the High Plains! (free snowmobile ride)

- Course marshals ensure participants are able to follow the correct course for their event and, where necessary, close the course at appropriate times. Detailed instructions will be provided in the days before the event, at a catch up at the Hoppet Shop.
- As some positions need someone to be there for extended periods, a changeover will be possible through the day with more helpers.
- Transport across the High Plains hanging off the back of a Snowmobile can be arranged!

BNSC members who have skied in the Joey Hoppet or the Australian Birkebeiner are asked to volunteer for the afternoon shift and event pack up in the Nordic Bowl. Non skiing members, the afternoon pack up is an awesome way to help after watching the race!

#### Final Clean Up - Nordic Bowl and Hoppet Start Area -

- 1) After the half-way cut-off time for the Hoppet (1315h), dismantling and packing up the Hoppet Start Area.
- 2) The second part of the clean-up will start at 1500h in the finish area, and the task is to pack away the fencing, bunting and signs from the finish area into the Race Hut. Lots of members needed, in order to be done quickly.

#### **Drink Station Pack-up**

- Seriously fun job for anyone who likes machines, or an easy job for someone who has just finished skiing the Hoppet earlier in the day!
- Jump aboard a Bombardier and drive out across the High Plains to Drink Station sites to load the equipment and drive it back to Falls Creek.

As the event is organised by Birkebeiner, our club receives significant funding for providing club members to make this event possible. So this event can continue to be a success for Birkebeiner programs, the Hoppet Organising Committee requires BNSC members including those have skied in their event, especially for pack up.

Thank you from the Hoppet Organising Committee.

### Ski de Femme 2017

#### A fun cross-country ski day for women! - Ski de Femme 2017

On Saturday 12<sup>th</sup> August the Nordic Bowl at Falls Creek will be buzzing with women keen for a great day out on cross-country skis. Birkebeiner Nordic Ski Club's annual Ski de Femme is on again with free instruction from some of Australia's top cross-country skiers.

Ski de Femme is in its 24<sup>th</sup> year and is designed as a day out on cross country skis for women. Free coaching and instruction is provided from some of Australia's top cross-country athletes. Casey Wright is back from training and competing in Alaska and Katerina Paul will be fresh from the podium at the Australian Championships. Along with keen women from Birkebeiner Nordic Ski club, they will be excited to share their tips for enjoying cross-country skiing and improving your technique in your choice of either classic or skate. Birkebeiner's 2017 international coach, Miles Havlick may even make an appearance disguised as Milly!

Following the 1.5 hr coaching session, participants can re-fuel with a cup of tea and a deliciously more-ish brownie from Brazen Brownies. Participants are then encouraged to enter the 1km, 2.5km or 5km fun races and be eligible to win a spot prize. This is excellent training for Hoppet events and the perfect opportunity to participate in your first race! The spot prizes are worth it too with 2 x resort entry season passes from Falls Creek Resort Management, an accommodation package from YMCA Howman's Gap, and a gift voucher from Sassy Road all up for grabs, and more!

Participants need to organise their own skis and equipment. Hire is available from Falls Creek Nordic Centre at Windy Corner. Rocky Valley Bikes & Snowsports in Tawonga South and Snow Trek and Travel in Wodonga can also sort you out with hire or any XC specific equipment purchases you might need too.

Birkebeiner Nordic Ski Club's Rocky Valley Rush (15km) and Sun Valley Ramble (7km) are also on the following day (Sunday 13<sup>th</sup> 10:30am) so why not make it a big XC weekend!

## No High-Fluoro Waxing Protocols

Ski & Snowboard Australia Cross Country Committee (SSAXC)

### NO HIGH-FLUORO WAXING PROTOCOL: CLUB & STATE LEVEL XC RACES

The Ski & Snowboard Australia Cross Country Committee (SSAXC) in continuing in 2017 with the **No High-Fluoro Wax Protocol** for club and state level competitions that was introduced in 2016.

#### **MAIN GOALS**

- Create a LEVEL PLAYING FIELD and events that demonstrate the skiing ability of participants.
- REDUCE time spent waxing so more focus can be put on preparing for competition.
- REDUCE the cost to athletes, parents and teams to compete in XC Skiing.
- MINIMISE potential health risks from high-fluor waxing with poor ventilation.

This is a self-governed policy and it is hoped that all athletes, parents and coaches will be fully supportive. Similar waxing protocols exist throughout Canada and the USA and have been successful in keeping costs low and the competition fair. While there may be some concerns and challenges, we believe the vast majority of skiers & families would like this policy implemented. Self-policing, education, and the cooperation of retailers should make this change for the better a real possibility and keep costs low to encourage increased participation in our sport.

Note that this protocol does not extend to Australian Championships or Australian Junior Championships, nor to the Kangaroo Hoppet (incl. Birke/Joey), which is an international event.

#### WAXING PROTOCOLS THAT WILL APPLY

- Only no-fluoro or low-fluoro waxes are to be used for glide waxing (such as Swix LF7, LF8 or LF10), with no high-fluoro waxes or high/pure fluorocarbon coats (liquids, powders, blocks) to be used.
- Where possible state team coaches will confer and give a recommendation of LF7, 8 or 10 (or other brand equivalent) to athletes, so that everyone can be on the same wax.

Athletes and those making entries on behalf of athletes will be asked to acknowledge and agree to the protocol when making their on-line or on-the-day race entries. The protocol is supported by NSW Cross Country, Ski XC Victoria, Snowsports ACT and Ski & Snowboard Australia XC.

## What a successful Junior Birkie Camp!

We had 21 enthusiastic skiers aged between 9 and 13 at the Junior Birkie Camp. And next year we are planning a bigger and better event.

Thank you to Bron and Paul Gray for organising such a fantastic Birkie Camp.

## And finally looking back...

### The First Australian Birkebeiner (6<sup>th</sup> September 1979)

(compiled by Paul L'Huillier)

Norway's gruelling 56km Birkebeiner tour race is the Lauberhorn of Nordic skiing but most Australians know little about it until March, 1979, when Colleen Bolton scored second place in the women's classes. Then on September 16, at Falls Creek, the first Australian Birkebeiner was staged by the Birkebeiner Nordic Ski Club. The Australian course was only 25km long, but like their overseas counterparts, the local contenders all carried the traditional 5kg pack.

The name "Birkebeiner" originated during the 13th century, when Norway was torn by civil war

between two factions, each with a pretender to the crown. The smaller faction, consisting mainly of poor people, was often on the run, its members forced to live out in the open. These people were in such dire need that they wrapped their feet in bark torn off birch trees. Thus they were nicknamed the "Birchlegs".

Lauri Jortikka

When their 18-month-old Prince Haakon was pursued by the enemy in January 1206, two of the best skiers among the "Birch-legs" brought the little child in safety over the Lillehammer Mountains. Later, Haakon became king, established peace in the country, and under him Norway enjoyed its heyday.

Now, every year, on the third Sunday in March, Norway commemorates this historical event with the "Birkebeinerrennet" (Birkebeiner race), the 5kg pack carried by contestants representing the weight of Prince Haakon.

On the eve of the first Australian Birkebeiner, members of the Birkebeiner Club spent an uneasy night. The track for the race had taken all Saturday to prepare and the weather prospects were not good. Early on the morning of the race, threatening clouds billowed in, driven by a stiff breeze.

With this threat hanging over their heads, 90-odd participants made their way to the Rocky Valley Dam wall, anxious not only about the weather, but also their ability to race 25km – a distance which to many usually meant a full day's tour. Adding to this doubt was the load of a 5kg pack to be carried by young and old. Scales were available before the race to check the weight, but the packs were officially checked at the finish.

The start (on the far side of the Dam wall) was ideal, 150 metres wide, and slightly uphill, with about 250m before the tracks converged into a mere two grooves, which were then followed for most of the course. From that point on, it was a typical tour race scenario.

By the time the tracks converge, competitors are already strung out. But only the stronger skiers manage to hang on to this pace for long. The usual jostling up front for position, and "Snap!" in typical tour race fashion, a stock is broken. Undaunted, this poor unfortunate carries on, looking like the ugly duckling as the point of the broken stock digs into the softening snow and throws him off balance. But, thank heavens, a control point is on the ball when they hear a bellow, heard all over the High Plains, "STOCK!!!!"

The race has settled down by now, the finishing order being more or less established for the first dozen or so.

Aching bodies flog themselves up *Watchbed Creek Road*, paying the penalty for a fast start. Once at the top, It's a beautiful ski across the plains into *Fitzgerald's Hut* where the drink station attendants are caught off guard, having themselves skied in before the race and taken a little longer than anticipated. But they cope very well, and most are grateful for a drink at this stage.

With the leaders battling out the places, the minor skirmishes are shaping up back in the field. The men are trying to beat the women. The wax skis out-glide the non-wax, but slip uphill. Packs make their presence felt, and straps break, testing ingenuity with the question of repair – in a hurry. Hasty repairs don't last distance, however, and some stop four times with "pack distress" – a new dimension in tour racing. For others, enjoyment is the object of the trip, and all is well at *Edmondson's Hut*. But them, the climb up *Heathy Spur* begins. By this time, the weather is quite warm and the snow has that porridgy consistency.

#### Lauri Jortikka competing in the Finlandia

At the top of the climb, it's a straight run home, or it usually is. Alas, the track-setters, in order to give everyone their full quota of enjoyment, have snaked the course back to the Dam so that the usual three or four kilometres are lengthened to six or seven. But the weather has improved, making the views towards Feathertop, Fainter etc., superb. The descent to the dam lacks the excitement of an icy day, and most get down without a slip. A cruel finale though, is the climb out of the creek below the dam wall up to the observation point – a steep herring-bone followed by a steep uphill ski, or walk in most

cases.

Through the finish line, then a pack weigh-in, and who would have thought anyone would voluntarily carry 6.5kg? Yet there are more than a few over the mark. Much discussion concerns the contents of the pack. Beside the compulsory parka and windproofs, "I've got rocks", "a packet of nuts and bolts, "sand", "a large bottle of water", "dirt". At no other time in the history of the High Plains has so much junk been carried for 25km on skis by so many people.

Robyn Rodd

Victorious is **Lauri Jortikka** (Vic) who virtually led from the gun. 17 places behind is **Robyn Rodd** (Vic), the first woman. A total of 83 skiers finish the course.

The race was a huge success, but not without a considerable number of people unselfishly giving up their time at the various check-points and drink stations. They all skied out to their positions before the race, carrying much more than a 5kg pack in some cases, then skied the remainder of the course, checking to see that no skier came to grief.

The thanks of all competitors go to these people. (And thanks to Gerry van der Ploeg for the original race report.)
