

Birkie Bulletin Update

27 March 2025

Contributing to XC Skiing at Falls Creek

Hi Birkebeiner Nordic Ski Club Members,

There have been quite a few changes in management at Falls Creek over the last few months, most notably with Dean De Santis becoming the new General Manager. He was previously in charge at Lake Mountain.

With these management changes the BNSC committee sees a real opportunity to invigorate and grow cross country skiing at Falls Creek. Therefore, the BNSC committee is looking to form a subcommittee to make recommendations as to how we would like to see XC skiing develop at Falls Creek. The aim is to develop some kind of manifesto / white paper / something that as a community reflects our ambitions for Falls Creek and a position we can support.

The sort of issues that will be considered (but not limited to) are:

- Nordic Bowl facilities and development options
- Cross Country Ski Trail development

- Club House access
- Skidoo access to Nordic Bowl
- Bad weather issues especially at Lakeside
- XC marketing
- Events
- Windy Corner

If you feel you would like to be involved in contributing to the future of XC skiing, please contact me at president@birkebeiner.org.au by Friday the 18th of April.

Cheers

Andrew Hall

President BNSC
